Accessing PowerSchool and Office 365

PowerSchool is a learning management system that both parents and students can access in order to check assignments and due dates, review grades, email staff, check schedules, and much more.

- To login to PowerSchool, go to skyislands.powerschool.com/public
- Students log in with their Sky Islands username (*first name.last initial*)
- Parents log in with the information provided by Sky Islands administration
- PowerSchool is also available as a mobile app! Just be sure you use the school's unique district code when setting it up: **LBWF**
- To view assignments, click on the letter/ percent grade next to each class to reveal the assignment list, then click 'view' on the right-hand side

Office 365 is a cloud-based application that students use for email, assignments, projects, and more. Each student has an Office 365 account which gives them access to Outlook email, Word, Excel, Power Point, and Teams.

- To login to Office, go to portal.office.com
- Students login with their Sky Islands email address (*first name.last initial*@skyislands.org)
